

AI Prompt: Create a Complete Customer Avatar Based on This Blueprint (manually fill out only the context part in yellow. AI will take care of the rest)

Prompt to Copy-Paste into ChatGPT or other AI tool:

I want you to act as a **senior brand strategist and market researcher**.

Help me build a **detailed customer avatar** using the formula below. Ask follow-up questions if needed to fill in gaps. The customer avatar must feel specific, human, and grounded in reality—not vague or generic.

Here is my context

Please generate the avatar for this product/business:

- **Business Type:** [Insert niche here, e.g. skincare brand, online course for freelancers, weight loss drink]
- **Target Audience:** [Insert your known target group, e.g. busy working moms in their 30s]
- **Price Point / Offer:** [Insert product type and cost, e.g. ₱1,499 collagen fat burner supplement]
- **Platform:** [Insert where you sell, e.g. Facebook + Instagram Ads funnel]
- **Tone/Brand Personality:** [Insert tone, e.g. empowering, relatable, sassy, nurturing]

Here is the **Customer Avatar Formula** to follow:

1. **Name & Descriptor**
 - Assign a realistic name and brief descriptor (e.g., "Anna, the busy online seller")
2. **Quote their desire**
 - Complete this statement from the avatar's POV: *"I wish..."*
 - Add a "so that..." to uncover the deeper motivation behind the wish.
3. **Quote their pain/frustration/doubt**
 - Complete: *"I hate..."* or *"I don't trust..."* to reveal barriers or limiting beliefs.

4. **Demographics**

- Age range, gender, relationship status, occupation, income level, location

5. **Tools/Software/Books/Media**

- What tools, software, or apps do they use?
- What books do they read or podcasts do they listen to?
- What websites, influencers, or communities do they regularly follow?

6. **Interests & Hobbies**

- What do they love doing in their free time?

7. **Brand Connection**

- What brands or types of products do they feel emotionally connected to?
- Connect these to their lifestyle, values, or aspirations.

8. **Core Values**

- What do they care deeply about? (e.g., family, independence, sustainability, status)

9. **Goals and Challenges**

- What are their top 2-3 goals?
- What challenges are keeping them stuck?
- Link their desires to outcomes using “so that...” (e.g., “*I wish I could sell more online so that I can quit my job and be home with my kids.*”)

Bonus tip: Run this prompt multiple times to explore different segments of your audience (e.g. beginner vs advanced, younger vs older, skeptical vs solution-aware).

SAMPLE FILLED PROMPT FOR AI (Customer Avatar Creation)

- **Target Audience:** Busy Filipino women aged 25–35 who want to lose weight and have glowing skin
- **Price Point / Offer:** ₱1,499 per jar; drinkable supplement with fruity flavor
- **Platform:** We sell via Facebook & Instagram Ads + TikTok videos
- **Brand Tone:** Playful, relatable, empowering, slightly cheeky

Follow this formula:

1. **Name & Descriptor:**
Name her and describe her briefly.
2. **Quote their desire (I wish...)**
Include a “so that...” to show deeper motivation.
3. **Quote their frustration/doubt (I hate/I don't trust...)**
4. **Demographics:**
Age, gender, location, income, job, relationship status
5. **Tools, Software, Books, Websites, Media:**
Apps she uses, content she consumes, websites she follows
6. **Interests and hobbies:**
What does she love doing in her free time?

7. **Brands she connects with emotionally:**
What lifestyle brands does she love and why?
 8. **Core values:**
What are her beliefs or values in life?
 9. **Goals & Challenges:**
Top 2–3 goals + what's stopping her; tie to "so that..."
